Re: Nissan Radiator/ transmission
Case 7:10-cv-07493-VB

To Whom It May Concern:

I purchased the 2005 Pathfinder in March 2012. I ran into problems with it in November 2012 at right around 100,000 miles. It needs a new transmission. I need a reliable car to drive my kids around in and at this time it is unsafe. Replacing the transmission is not a quick cheap fix and puts many families like mine in a bad position. Please make Nissan reimburse the owners. I just want a car that runs without having to dump thousands of dollars into it for a problem that was created by bad engineering.

Thank you for your kind attention.
